Mifos

Mifos X is designed by the Mifos Iniative - a global community that aims to speed the elimination of poverty by enabling more effective delivery of financial services to the worlds poor and unbanked.

Sound interesting? Get involved!

Ideas:
Add an image behind login page
Make sure login is prominent.
Links should take less precedence, could be menus across top or links to page with doc, comm, and news.

Put links on page. I don't like this one - too blocky, image is too prominent.

All of these ideas are mix and matchable. Let me know what aspects you like or don't like.
